PERSONAL PROFILE

Currently a GPST2 doctor in Yorkshire, I am a highly motivated, hard-working and reliable individual. My rotations so far have given me a variety of experience across the NHS and have fueled my passion for medical education and leadership. I am excited about embarking upon a long and varied career within general practice.

Other:

- Question writer. Passmedicine. January 2018 - 2019. As a question writer I created and developed concepts into questions for general practice question banks.
- Communication skills tutor. Preston Royal Hospital. September 2017 - present. I teach communication skills to third - fifth year medical students including the topic of end of life care.
- OSCE tutor. Royal Preston hospital. August 2017 - 2018. I lead OSCE style teaching for groups of fifth year medical students.
- Ward based teacher. Preston Royal Hospital. August 2016 - 2018. I mentored a group of third year medical students providing practical support and ward based teaching.
- Preston doctors mess, Lancashire Teaching Hospitals. July 2017 - 2018. As general secretary I was responsible for organising other members of the mess committee as well as arranging events for my fellow doctors.
- Advanced Life Support. Jan 2017. I am fully qualified in adult life support, certified by the resuscitation council.

EMPLOYMENT

My current position as a GP registrar involves posts in the following: Accident and emergency, general practice, healthcare of the elderly and genitourinary medicine. I am enjoying these experiences which are enabling me to develop as a confident, independent practitioner. I am also able to combine my work with both formal and opportunistic teaching. Currently I teach year three medical students practical bedside skills and examination techniques.

VOLUNTEER WORK

I am passionate about being an involved member of society and enjoy volunteering in my local community. Work I have done includes the following:

- Volunteer, Nottingham Nightline, November 2014-2016. I volunteered with a charitable listening service helping with both publicity and answering phone calls in a confidential and non-judgemental manner.

FURTHER INFORMATION

My non-academic interests include snowboarding, cycling and travelling. In support of Leukaemia Cancer Research, I organised and walked two hundred miles from Llanelli to the peak of Mount Snowdon. Other adventures that I have both organised and undertaken include; a backpacking trip around southeast Asia in order to explore my heritage and interrailing trips around both Europe and India. I have also successfully completed my Duke of Edinburgh Gold award and am an amateur photographer with pieces published in the Royal College of Psychiatrists Trent division newspaper.
